

PAYMENT POLICY

At Clark County Crematory and Burial Services, our goal is to provide you and your loved ones professional services at an affordable price. We realize that these services along with the costs associated with them can come at the most inopportune time. However, in order to keep our low service charges we have to maintain an order to our payment policy.

Arrangement for payment of our services including merchandise or any cash advance items must be made at the time of the service arrangement. Payment in full is required before the selected services are rendered. We accept the following methods of payment:

Cash | Check | VISA/MasterCard

We also accept payment from an active insurance policy That is assignable to the funeral home.

If you have an insurance policy, but are not sure if it is assignable to help with the payment of services, please bring the policy in and we will gladly research it for you.

We are unable to finance payments over time. If there is an estate we ask that someone in the family pay for services and then get reimbursed from the estate.

Whether you are making arrangements for a funeral today, or just looking to take care of the future, it is important that you have the information you need to make clear and rational decisions.

Basic Professional Services **\$1,200**

(includes Funeral Director and Staff)

Our basic professional service charge to each family in which we serve includes, but is not limited to,

- availability of staff to respond to initial requests for service (24 hours a day, every day).
- the arrangement conference with the family or responsible party
- clerical and administration services
- consultation with the clergy
- cemetery, crematory or common carrier, planning and arranging the funeral or other service request
- recording vital statistics, securing permits, filing and obtaining death certificates and other forms and claims, and preparation of obituary notices.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. This fee is already included in our charge for direct cremations, immediate burials, forwarding and receiving of remains. It is also included in our package service offerings.

Embalming **\$500**

Embalming is a chemical process which provides temporary preservation of the body and eliminates certain health hazards. A person licensed by this state must complete this procedure. Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.
